

MASTERY CHECKUP LISTS

Mastery checkup lists are available through New Readers Press (<https://www.newreaderspress.com/>). At the end of each level in reading and math, checkup lists are provided. As you pursue this website, if you see other resources that may be valuable for your adult learner, contact me.

I urge you to check out the links below. Also within each level you will see other free resources offered by NRP. The links are to each level and as you scroll down you will see the level checkup.
